Map and Swoop Consonant -le Syllable Pattern

Directions

- 1. Remind your child that a **syllable** is a word part with a vowel in it. Usually, a word has as many syllables as it has vowels. **Vowels** are a, e, i, o, u. The other letters (like b, c, d, f) are **consonants**.
 - Cat has one syllable.
 - Picnic has two syllables (pic-nic).
 - Yesterday has three syllables (yes-ter-day).
- 2. For this activity, practice the consonant -le syllable pattern. A **consonant -le syllable pattern** is a final syllable that **contains a consonant followed by le**. The e is always silent in this syllable pattern. Examples include sim-**ple**, puz-**zle**, a-**ble**.
- 3. Provide your child with the consonant -le syllable pattern activity sheet. Ask your child to:
 - Read the word.

• Map the word (spell the word by writing one letter sound per box). When two letters make one sound, put both letters in one box. The le in the consonant -le syllable will always go in one box.

S	+	u	m	b	le	
---	---	---	---	---	----	--

• Underline the le and the vowels, vowel combinations (for example **oa**, **ea**, **ai**), and r-controlled vowels (**ar**, **er**, **ir**, **or**, **ur**) in the word.

• Swoop the syllables (draw a u shape under each syllable).

4. Discuss the meaning of any unknown words.

Key

Word	Consonant -le Syllables								
stumble	S	t	<u>u</u>	m	b	<u>le</u>			
maple	m	<u>a</u>	р	<u>le</u>					
stifle	s/	t	j	f	le				
sparkle	s	р	ar	k	<u>le</u>				
beagle	b	<u>ea</u>	g	le					
circle	C	ir	C	<u>le</u>					
visible	V	į	s	i	b	le			
unstable	u/	n	s	t	a	b	le		
multiple	m	<u>u</u>		t	i	р	le		
dwindle	d	W	i	n	d	le			
resemble	r	<u>e</u>	S	<u>e</u>	m	b	le		

Consonant -le Syllable Pattern Activity Sheet

- 5. Read the word.
- 6. Map the word (spell the word by writing one letter sound per box). When two letters make one sound, put both letters in one box. The -le in the consonant -le syllable pattern goes in one box.
- 7. Underline the vowels and the le in the word.
- 8. Swoop the syllables (draw a u shape under each syllable).
