

## Family Literacy Videos

Now, let's watch a video of a caretaker and child engaging in a word-changing activity. *Review the key points and answer family questions about the video.*

### 2.3 Change a Letter, Change the Word (4:42)

#### Key Points About the Video

- Caretaker is encouraging (Great! You got this!).
- Caretaker uses words in sentences and talks about the meanings of words.
- Caretaker is patient and breaks the task down into small steps (spell, write word, change letters, write new word).

Take the Family Activity home and have fun changing words to spell new words. Remind your child how proud you are of him or her for practicing letter sounds and spelling words!
