

Take the *Family Resource* home and have fun practicing reading word lists and sentences! Tell your child how proud you are of him or her for practicing reading.

Let's Read Words and Sentences

Encourage your child to point to the words while reading. If needed, help your child say the sounds in the word and then blend them together to read the word. If more support is needed, model reading each word or sentence first and then have your child read what you just read.

1. Ask your child to read the word list.
2. Ask your child to read the sentences.
3. Have fun and laugh at the silly sentences!
